Subject: RE: WQS Academy Sacramento Draft MOU

Hi Stephen,

Thanks for the quick reply. My understanding is that Klamath Room is capable of having an instructor call in. I have reached out to the SWRCB Training Academy and staff is out of the office already for the Holiday. I'll get a response to you regarding the video capability sometime next week.

Happy Thanksgiving to you as well. Enjoy.

Thanks Christine, I checked in with HQ and hope to have an answer next week regarding video recording.

On a related issue, I think we briefly discussed whether the facility will have video/phone capability if we had to have an instructor video/call in? Would you be able to look into that issue?

Thanks again and Happy Thanksgiving!

Subject: RE: WQS Academy Sacramento Draft MOU

Hi Stephen,

Thanks for sending this, I was about to follow-up with you. At a quick glance the MOU looks great. My only question at the moment is regarding the AV services and the potential to have the training recorded. I believe USEPA was going to look into the possibility of doing so.

Have you heard from upper management regarding the approval or denial to record the training?

I will circulate this MOU to Rebecca and Lori and then our Training Academy.
Thank you,

Christine Rico

Subject: WQS Academy Sacramento Draft MOU

Hi Christine,

Attached is a draft of the previously discussed co-sponsorship agreement for the WQS Academy. It lays out an MOU with responsibilities for the meeting Venue, A/V, Instructors, Marketing, Course Materials, and Registration. We were hoping to circulate the document on our respective ends for any management or legal review before formally routing for signature. Can you share with the appropriate SWRCB colleagues and get edits by December 5th? That would allow a couple of days to integrate changes and turn it around for signature the week of December 10th. If you have any questions, we'd be happy to clarify or set up a call.

Thanks so much,

Stephen Maurano
